Fax: (985) 801-4041

Ed Jester

- 34 years experience drilling on land, inland barges, jack-ups, multiple well platforms and floaters.
- Drilled deep, horizontal and extended reach wells in the Gulf of Mexico.
- Drilled subsalt wells and have experience performing directional work in salt.
- Drilled HPHT (high pressure – high temp.) wells in the Gulf of Mexico & inland waters.
- Extensive experience with PDC and bi-center bits in directional wells.
- Excellent working knowledge of deepwater operations.
- **Areas Worked**
 - o Louisiana, Texas, Mississippi, Florida & Gulf of Mexico (Continental Shelf and Deepwater), Caldwell Co., TX (Luling Field), Brooks & Frio Co., TX (Eagle Ford Shale)

Tommy Goss

- 32 years experience drilling on land, inland barges, jack-ups, multiple well platforms and floaters.
- Drilled deep, horizontal and extended reach wells in the Gulf of Mexico.
- Drilled subsalt wells and have experience performing directional work in salt.
- Drilled HPHT (high pressure – high temp.) wells in the Gulf of Mexico & inland waters.
- Extensive experience with PDC and bi-center bits in directional wells.
- Excellent working knowledge of deepwater operations.
- **Areas Worked**
 - o Louisiana, Texas, Alabama, Florida and Gulf of Mexico (Continental Shelf and Deepwater), LaSalle Co., TX (Eagle Ford Shale), Nacogdoches & San Augustine Co., TX (Haynesville Shale)
 - o International: Philippines, Nigeria

John Huegel

- 30 years experience drilling on land, inland barges, jack-ups, multiple well platforms and floaters.
- Drilled deep, horizontal and extended reach wells in the Gulf of Mexico.
- Drilled subsalt wells and have experience performing directional work in salt.
- Drilled HPHT (high pressure – high temp.) wells in the Gulf of Mexico & inland waters.
- Extensive experience with PDC and bi-center bits in directional wells.
- Excellent working knowledge of deepwater operations.
- **Areas Worked**
 - o Louisiana, Texas, Mississippi, and Gulf of Mexico (Continental Shelf and Deepwater), Wise Co., TX (Barnett Shale)

Harvey Lucas

- 27 years experience drilling on land, inland barges, jack-ups, multiple well platforms and floaters.
- Drilled subsalt wells and have experience performing directional work in salt.
- Drilled horizontal wells onshore Gulf of Mexico.
- Drilled HPHT (high pressure – high temp.) wells in the Gulf of Mexico & inland waters.
- Experience with PDC and bi-center bits in directional wells.
- Excellent working knowledge of land and offshore operations.
- **Areas Worked**
 - o Louisiana, Texas, Mississippi, Alabama and Gulf of Mexico (Continental Shelf and Deepwater), Red River Parish, LA (Haynesville Shale)

Thomas Walker

- 14 years experience drilling on land, inland barges, jack-ups and floaters.
- Drilled subsalt wells and have experience performing directional work in salt.
- Drilled horizontal wells onshore Gulf of Mexico.
- Drilled HPHT (high pressure – high temp.) wells in the Gulf of Mexico & inland waters.
- Experience with PDC and bi-center bits in directional wells.
- Excellent working knowledge of land and offshore operations.
- **Areas Worked**
 - o Louisiana, Texas, and Gulf of Mexico (Continental Shelf and Deepwater), Karnes & DeWitt Co., TX (Eagle Ford Shale)

Ed Jester, Jr.

- 8 years experience drilling on land, inland barges, jack-ups, multiple well platforms and floaters.
- Drilled deep and horizontal wells in the Gulf of Mexico.
- Excellent working knowledge of deepwater operations.
- Experience with PDC and bicenter bits in directional wells.
- Excellent working knowledge of land and offshore operations.
- **Areas Worked**
 - o Louisiana, Texas, and Gulf of Mexico (Continental Shelf and Deepwater), Karnes, Brooks & Frio Co., TX (Eagle Ford Shale), Lincoln Parish, LA (Haynesville Shale)

Brandon Goodnight

- 9 years experience drilling on land, inland barges, jack-ups.
- Proficient at sidetracking wells with cased hole whipstocks and open hole with cement plugs.
- Drilled horizontal wells onshore Gulf of Mexico.
- Experience with PDC and bicenter bits in directional wells.
- Excellent working knowledge of land and offshore operations.
- **Areas Worked**
 - o Louisiana, Texas, and Gulf of Mexico (Continental Shelf and Deepwater), San Augustine Co., TX (Haynesville Shale), Karnes & Live Oak Co., TX (Eagle Ford Shale)
